### UNDERWEAR!

Ladies', Misses and Children's

CLOAKS!

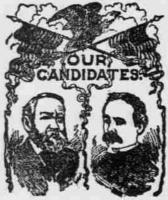

Men's, Boys' and Children's **OVERCOATS!** 

These departments are unusually large this season. No need to go or send to K. C. Save time and money and patronize the House that has the courage to carry a stock large enough for larger towns than Kansas City.

HYSINGER & ROSENTHAL, Humboldt, Kans.

THE IOLA REGISTER.

FRIDAY, OCTOBER 28, 1892.

Reasons Why They Should Be Elected.

England Favors the Democrats What England wants is cheap food for England and the English people, while the protectionists are working for America and the American people.

#### OUR ALASKAN LETTER.

A Continuation of Fred Funston's Interesting Adventures.

American requisite was an interest in the wind fairly behind us, it can be long dresses just learning how to imagined that we did no paddling on this trip, but depended entirely on King George the Third, sent out on a sails. Altogether, it was the most envoyage of discovery to the North Pac- joyable canoe trip I have ever taken, lanche had reached the bottom. The hundred feet of the iew wall of the glaific one George Vancouver, one of the and was not marred by a mishap of roar of one big slide would hardly cler front, where we lay for an hour der the famous Captain Cook. After leaving camp entered Disenchant- the show went merrily on, day and the water. The forming of an leeberg, tered what is now known as the strait ed about six miles from the entrance, My closest acquaintance with an small affair compared with an avaof Juan de Fuca, and made a partial directly opposite the great Dalton avalanche was at the distance of about lanche that it seems hardly worth deexploration of the shores of the great glacier. We had sighted agreat many island which now bears his name, icebergs since noon and found Disenting the course from here lay up the hither chantment. Bay a vertically need of the pay to short present the standard part of the glacier forces the lower of the glacier forces the glacier force His course from here lay up the hitherto unexplored inland passage, and
for months he picked his way among
the thousands of islands and threaded
